The City contains 190 square miles, and is divided by the River into three divisions, known as the North, South and West Sides.

The two following pages contain a Limits Map of the City, divided at 39th street, with Section and Ward boundaries. The numbers in the center of each two Sections refer to the page of book where the same will be found upon an enlarged scale, with Streets, Avenues, Courts, Places, Railway Lines, Elevated Roads and Stations, Street Car Lines and Street numbers. The top of all Maps are North, the bottom South, right hand East, left hand West. To find a continuation of any street or locality, refer to the number given upon the margin of the page.

Streets running North and South commence numbering from Lake street; running East and West, upon the North Side, from the River; upon the South Side, from the Lake; upon the West Side, from the River; and South of 39th street, from State street.
